# Planned changes to Merseyside's bus services during September 2010.

## Welcome to your monthly guide to bus service changes in Merseyside.

We produce this leaflet at the end of each month so you can keep you in touch with planned changes to bus services during the following month.

## This leaflet shows a summary of the planned changes that are taking place to bus services in Merseyside during September 2010.

It contains details of the changes we have been told about by the bus companies up to the time of going to print on 26 August.

Sometimes, bus companies make changes to their services at short notice. If we are told about any extra service changes that aren't shown in this leaflet, we'll include them in next month's edition.

We also produce a weekly Merseytravel News Update which contains details of changes to bus, train and ferry services. This is published in the free weekly newspapers which are delivered to your home. You can also download it from our website.

### How to find out more information:

New timetables for all the services shown in this leaflet will be available from our Travel Centres soon. Or, you can call our Brochure Hotline on 0151 330 1066, leave details of which timetables you'd like, and as soon as they are available, we'll post them out to you free.
